An Open Letter Appealing For Help Against Narcotics

IN THE TOP PHOTO Officer John Samony, shown with officer Ed Reiley, is pointing out LSD capsules, enclosed in numerous plastic bags. The capsules are part of a large haul of 2,850 LSD capsules, 11 plastic bags filled with marijuana, a small quantity of hashish contained in tinfoil and seven second capsules confiscated in one of the larger narcotics raids to be accomplished by officers of the Sierra Madre Police Department. In the lower photo, Officer Reiley, on the left, is holding a plastic bag of capsules filled with LSD while Officer Samony holds some marijuana. The officers are standing behind an evidence laden table, the result of their raid.

Officer Reiley had been working on this particular case for three weeks. When on Tuesday, August 27, developments of the day gave officers only one hour in which to prepare for, and carry out, the narcotic raid which netted some \$14,500 worth of marijuana and other dangerous drugs. Vacations left a deployment shortage of available men, so under the direction of Sgt. Betts, assistance and back-up men were requested from the Arcadia Police Department. In addition to Arcadia's Sgt. Piland, Officers Tulleners and Johnson, Sierra Madre Police Reserve Officers Landi and Ihrig, Betts, Samony and Reiley participated in the well organized dragnet.

Eight arrests were made at 610 Woodland Drive, in the canyon. Four adult were charged with possession for sale of marijuana and dangerous drugs. No complaints have been filed against the three female adults all from outside of this community — due to insufficient evidence. Against the one male juvenile, a local youth, a petition has been filed against him in juvenile court for possession and use.

Allegedly, this boy's parents had no inkling whatsoever that their boy was using drugs. Parents are reminded, and urged, that they should contact authorities for assistance if they find their children are using drugs or suspect them of such, or discover any type of capsules, or pills or unusual cigarettes. Anyone having questions or desiring information on marijuana and dangerous drugs is invited to call the Sierra Madre Police Department for this information. The danger of this type activity can not be stressed enough.

Dist. Atty. Younger Appoints Curry To Head Dimes Drive

"The March of Dimes is fighting birth defects because each year these tragic conditions rob more than a quarter-million American children of their birthright: to enter the world healthy and grow normally."

Nicholas A. Curry made this statement recently as he accepted the chairmanship of the January, 1969, Sierra Madre March of Dimes campaign. He was appointed by Dist. Atty. Evelle J. Younger and retired Sheriff Eugene W. Biscailuz, Los Angeles County March of Dimes Campaign Co-Chairmen.

"I think most of us would consider it alarming if we heard about an epidemic in which a new case struck every other minute, which was the second greatest destroyer of life, and which caused half of all mental retardation," declared the volunteer chairman who is

assistant manager of First Western Bank & Trust Co., Sierra Madre.

"Yet," he pointed out, "birth defects are responsible for all this, and for much more human damage. Many defects are not apparent at birth. They appear later in life, causing physical or mental disability."

"The March of Dimes is making important progress in birth defects, but we need increased public support to continue and to expand these programs."

The local leader noted the growing number of March of Dimes supported Centers where birth-defect children receive superior treatment from teams of trained medical professionals. There are now 100 of these Centers in operation, including one located at Orthopaedic Hospital in Los Angeles.

In research, scientists

Important Dates For Pop Warner

Formerly Pasadena Pop Warner, now Pasadena Area Junior All American football, has set up a number of important dates in its schedule.

This next two weeks will be taken up with controlled scrimmages against out-of-town teams. Probably three or four will be set up.

On September 7, certification will take place. Before this date, all four teams (2 Pee Wee, 1 Midget, 1 Junior Bantam) must be down to 33 players each.

Tuesday, September 10, will find the photographer snapping pictures for parents who wish them.

The Kickoff Bowl kickoffs will be September 14, but PPTAAF teams don't play until September 15, all at Cal State at Los Angeles.

Pasadena Area youth football starts its regular season on Saturday, September 21, with four consecutive games at Victory Park Home

We Must Hold Narcotic Drive To Save Community

Citizens Must Call Upon City To Join With Others To Clean Up Mess

by R. Robt. Evans

EDITOR'S NOTE: — This is the first in a series of articles in which we hope to bring attention of the citizens of the community to the hazard of having drugs sold, distributed and used in the community, and a plea to various responsible people to become active in helping to eliminate and strike from our community the presence of these dangerous drugs.

AN OPEN LETTER TO: The Foothill Areas Association Meeting September 8 Sierra Madre City Council Meeting September 10

To all parties concerned: We know that you have read about the drug raid held at 610 Woodland in Sierra Madre and the wonderful work that was done by our Police Department. We know that you must have read about the one on Grand View, the one of Sierra Madre Blvd., but did you know that the City of Sierra Madre, and more specific, the Canyon area, is infested with sellers, users and pushers, and did you know that your Police Department is practically handcuffed from making the necessary raids and bringing the offenders to justice?

Are you aware of the burglaries that are now taking place in homes in Sierra Madre and surrounding communities, where those entering the homes steal such items as televisions, radios, recording machines, typewriters and articles that have a ready turn on the market in trade for drugs? That is what is happening and the situation is becoming worse and worse, and until such time as people such as you and I rise up

and demand that something be done about it, it will continue to get worse and worse.

We are asking the Foothill Areas Association at their meeting to give this item definite and concentrated discussion. We are then asking the City Council at their meeting of September 10 to place this item on the agenda for discussion. These two organizations must get together with and join with the Sierra Madre Police Department, the State of California and make a definite effort to drive this type of people and their habits from our midst.

It is known, and the police verify the information, that they have found children under the influence of these dangerous drugs at the age of 8 years. Many 12-year-olds are already hooked on the stuff, and the age between 16 and 18 runs in a high ratio.

Soon, if this is allowed to continue, there isn't a home in Sierra Madre or vicinity that will be safe from intruders on the hunt for tradeable merchandise. If tradeable to continue, our own children have, become victims of the habit, and they in turn will repay you by stealing household items to trade for the dangerous drug. This is now a record

Children To McClaren Hall

Our local police department has been busier than usual the past few weeks, with several cases involving minor children. One of these cases indicates that a mother, a divorcee, of two children fed them capsules of a known tranquilizer and left them in her car.

The children, since recovered, have been placed in McClaren Hall and the mother is presently in the

Three Local Burglaries Cleared Up

During business hours Tuesday, August 27, at 6 p.m., one of the clerks at Roberts Market spotted a customer he identified as being the man who had at a previous time hastily departed from the market without paying for a quickly grabbed case of cigarettes worth approximately \$85. A quiet phone call to the police department brought Officer William Kent to the market's east door as the suspect left by that entrance.

With drawn gun, Officer Kent, after chasing the suspect to his car and ordering him several times to halt, leaned into the car through the window on the passenger side. Undaunted, the suspect drove away with the officer hanging half in and half out of the car and made several attempts to brush or knock him off the car by driving close to parked vehicles and swerving.

Juvenile Driver Involved In 2 Hit-And-Runs

On Sierra Madre Boulevard just west of Michilinda at approximately 9:45 a.m., Friday, August 30, Sgt. James Teal of Sierra Madre Police Department stopped a vehicle for a traffic check.

Shortly after releasing the vehicle and the driver — a 16 year old juvenile — and his 18 year old passenger to continue on their way, the Sgt. received word of a hit and run accident involving two vehicles on Hermosa above Sierra Madre Boulevard. A witness who observed the accident and noted the pertinent facts stated that the responsible vehicle did not stop, but sped away. The description of the hit-and-run vehicle and occupants fit the car and occupants of the vehicle Sgt. Teal had stopped earlier.

After a brief search, the Sgt. found the car and occupants in the parking lot of the Sierra Madre Clinic on Sierra Madre Boulevard. After advising the boys, who live in Glendora with their parents, of their constitutional rights and following other necessary procedures and paper work, Sgt. Teal told them a complaint would be filed in Juvenile Court and proceeded to return to the station. He had hardly driven away from the location, when another witness phoned in that two boys in a car had hit an unoccupied car in the clinic parking lot while in the process of leaving the lot!

The parents of the two brothers have been notified of the circumstances, and as mentioned, a complaint has been filed with the Juvenile Court.

There were no reported injuries to the occupants of the vehicle involved in the first hit-and-run incident.

Delinquent Tax List

This week is the first week of the publication of the Los Angeles County Delinquent Tax List to be found on Page 14 of this issue.

This year, according to the new legislative laws, the delinquent tax list has been moved from the first week in June to the first week in September.

This new procedure allows the taxpayer an additional four months to keep his name off the delinquent list, however, it does not save him the 6% penalty and the costs.

Further, it has always been the duty of the newspaper to set the list, but this year it has been printed by machine and then photographed and made into plates. This process makes it more difficult for the reader, but is indeed a great savings to the County and the taxpayers in reduced listings and labor.

Glendora 6-Day Fire At An End

The Glendora 6-day fire, known as the "Canyon-End" Fire, is now history, but not before it took its toll of lives, property and money. It has been estimated that the fire cost over \$6.5 million to fight and did a damage to the watershed of over \$4.5 million and it has been further estimated that after the rains in the fall that it will take over 2.3 million dollars for clean-up work of mud and debris in Glendora, Azusa and Duarte.

The fire was a constant concern of the Sierra Madre Firefighters who were placed on "Yellow" alert at approximately 7 p.m. Friday, August 23 and were committed with one engine and four men.

The fire was under the Fire Control Agencies of the U.S. Forest Service and the L.A. County Fire Department. William Dresser of the Forest Service and Chief Klinger of the Los Angeles

— Please turn to Page 5

Fire Call Number 38

Sierra Madre Firefighters were called to their 38th response of the year at 12:49 p.m. Tuesday, September 3, to approximately 200 feet north of Foothill Avenue on Acacia.

Engine 424 arrived in 3 minutes 24 seconds after sounding of the alarm to find a full scale brush fire in action with flames shooting 60 to 75 feet in the air.

Engine 423 responded 30 seconds behind 424 and immediately went to Camillo Avenue to protect the homes in that area in the event the fire was not stopped on Acacia.

Eleven regular firefighters and two reserves answered the call which did no damage but the burning of brush and grass. First Assistant Chief John Good, all theorized that the fire must have started with a cigarette or some lighted object being thrown into the brush.

It is very disturbing to know that within the past 45 days the department has answered three brush fire fires in this area and one false alarm. Fire Prevention is conducting a thorough investigation of the area, 250 feet of 2 1/2 inch hose and 400 feet of 1 1/2 inch hose was used to put the fire under control.

Michael Herron Awarded Medal

Hospital Corpsman Third Class Michael B. Herron, USNR, 23, son of Mrs. Lois J. Herron of 204 Santa Anita Court, was awarded the Navy Commendation Medal with Combat "V."

The presentation was made during ceremonies in Vietnam. He was awarded the medal for meritorious achievement while serving with Headquarters Battalion, First Marine Division in Vietnam.

Petty Officer Herron entered the service in October of 1965.

Anoakia Elementary Opens 16th

Anoakia Elementary School, a private school for boys and girls, under the capable management of Mrs. Marion Nixon, director will be opening its doors for the 16th consecutive year on September 16. The school is located on estate property which was formerly the home of E. J. "Lucky" Baldwin's daughter, Anita. In past years, these same grounds that have housed the elementary school also have housed a secondary school.

This secondary school — known this past year as the Baxter-Anoakia School and located at 701 W. Foothill Blvd. — is presently the subject of much controversy and may or may not be re-opening for students this fall.

There is no connection between the two schools. They are entirely different schools, separately run and completely removed from each other both operationally and in location on the estate grounds. Anoakia Elementary is located on the south and west section of the 20-acre estate property.

Fire Prevention is conducting a thorough investigation of the area, 250 feet of 2 1/2 inch hose and 400 feet of 1 1/2 inch hose was used to put the fire under control.

Rain Lack Being Felt In Basins

Lack of rain during the 1967-68 water year will lead to historic lows in several County groundwater basins this fall, it was reported today by Supervisor Warren Dorn.

Statistics compiled by County Flood Control District Chief Engineer Walter J. Wood show that precipitation has been about 81 per cent of the 90 year normal.

Dorn said that although levels in the main San Fernando basin will be only slightly lower than the fall of 1967, this represents record lows. The drop is expected to range from one foot in the west portion near Woodland Hills, Canoga Park and Chatsworth, to two feet near Reseda and three feet in the east section near Van Nuys, North Hollywood, Burbank and Glendale.

Basins tributary to the main San Fernando Basin are also slated to dip this fall. Sylmar basin is forecast to drop from 3 to 7 feet, Glenoaks basin 25 feet, Tujunga basin 10 feet. Ver-

Absentee Ballot Procedure

Friends and relatives of servicemen and their dependents stationed out of the County of Los Angeles — away from their legal address — are urged by Supervisor Warren Dorn to advise them how they may register to vote or file an absentee ballot.

To obtain an absentee ballot, Dorn said, the servicemen may ask for Federal application Form No. 76 from the elections services officer in his command. This application must be filled in, signed by him, and mailed to the Registrar-Recorder, 808 N. Spring St., Los Angeles, California 90012, no later than October 31, 1968.

Ballots are sent airmail to the servicemen and must be returned to the Registrar-Recorder before 5 p.m. on November 4, 1968.

Carrot Top By R. Robert Evans

Here it is all of a sudden: September 5th, and something new has been added, the publication of the delinquent tax list for Sierra Madre.

Previously this little bit of unhappiness happened in the first two weeks of June of each year, but due to state legislation in Sacramento, the delinquent tax list will not be published until the first two weeks in September.

I tried desperately to find out the reason for this change, and like everything else you do not receive very concrete answers, so guess we will have to assume.

At this writing we have not seen the list, just been notified that it will be here, and on time, but I'll just bet a pretty penny the delay is to help the people pay their taxes, and not get on that unhappy list, and of course the less that has to be published the less expense it is to the tax collector.

Personal property taxes are rendered sometime around Thanksgiving, the first half is due immediately and delinquent after December 10. The second half is also due immediately, and delinquent after April 10.

Previously if you would get it paid before May 15, you would not be relieved of the penalty of the delinquency, but you could keep off the tax list. Now, the only reason I see for the delay is to give the taxpayer an additional three months to pay it and keep off the delinquent list, and as I said before, the less number on the list the less the Tax Collector will have to pay for the publication. I would imagine that this would run into several thousands of dollars when you take into consideration the entire county.

Well, anyway it is in this issue, and just so you won't forget it, or overlook it, it will be in the September 12 issue also.

— CT —

But, I always say . . . "Keep smiling . . . it makes everyone else wonder just what you've been up to, and this helps get their mind off their own troubles."

Things look pretty good over at the corner where the new 76 station is setting up. If progress keeps up for the next two weeks we will see Bill Birgsmuth and his crew selling gasoline and services. We also understand that Mack's garage may be back in operation . . . anyway there will be a garage connected with the station, at least that is the way things look at the moment.

The other corner, next to Happy's Liquor is now all completed. One minute we hear that it is in escrow for a new building, and the next minute it has all fallen through, guess we will just have to wait until the first cornerstone is laid and then start reminiscing as to what may take shape on that corner . . . Anyway, it is sure a pleasure to see the old building torn down and carried away.

I do not have any connections for this one, but it is a good story and I have had it on my mind for the past couple of weeks trying to find a connection, but none have popped up. So

APPEARANCE OF THE RAPID TRANSIT Design Car, similar to the train Los Angeles County residents will ride if voters approve Proposition "A" for Rapid Transit financing November 5, will highlight the 11th anniversary celebration of Eastland Shopping Center in West Covina, September 4 through 11. Some 50,000 shoppers

are expected to tour the gleaming, 70-foot long prototype train which is on loan from the San Francisco Bay Area where a rapid transit system already is under construction. The model, which cost \$500,000 to develop, contains many of the design features called for in RTD's Master Plan Concept for improved public transportation.

TWENTY-FIVE YEAR SERVICE AWARD — Helen P. Cowles, personnel director/assistant secretary, Altadena Federal Savings, was honored Wednesday night by a testimonial dinner at the Brookside Golf Club House Restaurant, Pasadena. The occasion was her twenty-fifth year of continuous service with the Association. She was awarded a specially designed, commemorative diamond watch and bracelet. Miss Cowles is shown receiving the awards from Arthur L. Ferris, Association president and general manager.

Neighbors

Mrs. Lapren (Betty) Maltby just returned from a week's vacation in Carmel. She was the guest of a long time friend, a 90 year old lady whose house Betty helped pick out ten years ago. Lovely weather completed the relaxing vacation.

Guess this month has been a busy month for the Maltbys. Younger daughter, Jean and her husband, Thomas Buckingham and two children — 10 year old Kenneth and 12 year old Richard — spent a week with the Maltbys upon their return from a two week Hawaiian vacation and prior to the Buckinghams returning to their home in Concord, in Northern California near Walnut Creek. Other Maltby daughter, Joanne lives a little closer. She and her husband, Robert Rogers and their three children — Donna, 14, Kenneth, 11, and Ronnie, 9 — live in Glendora. Both daughters are teachers. Jean has been substituting and Joanne has been instructing emotionally disturbed children.

Many long time residents of Sierra Madre will remember the Maltby family since they have lived in the community since 1938 and have been actively involved in many projects. Incidentally, Betty and Lauren celebrated their fortieth wedding anniversary last month and congratulations are in order.

— ☆ —

Seems to me that Russell and Irene Delahooke will need a vacation to rest up from their recent vacation. They really had a full fur schedule. First they flew to Cleveland for about a week, then on to Fort Dodge, Iowa, where they joined lots of other Delahooke relations in celebrating Russell's mother's 90th birthday. After that they returned to California for several days of golf and swimming at Del Coronado followed by a week of more golf at Laguna Country Club Village. Sounds like a pretty nice vacation, doesn't it?

Boy, there is nothing like a good solid political convention, or two to give you a feeling that the world is going to come to an end if we turn it over to either party. I'm so confused on the doves and hawks and who is going to do what and how I am almost ready to get a petition going for an absolutely new system and run "Dear Abby" for president.

Men are always casting aspersions on the fact that women get too emotionally involved and therefore they can not make proper political judgments.

Well if these past two conventions have taught me anything it is the fact that the female of the species is not alone in emotionalism. Don't know when I have ever seen more emoting without just cause. There were several politicians expounding on the talents of their favorite sons that have left the theater bereft. It is a little hard to accept that the fate of our country is in the hands of some of the politicians because listen as I might I found that it was hard for me to understand what they were for and what they were against let alone whom they intended to back.

Of course you can't bury your head in the sand and go on the assumption of what you don't know won't hurt you, but right now that is exactly my reaction. It just makes me want to whip up a batch of fudge and read a good novel.

Now we can gird our loins for the next two months and get ready for the big show. One thing I will admit is that the conventions in the long run were better than the summer re-broadcast shows. If you look hard and long you are bound to come up with real human interest that backed Bella Lugosi right off the screen. Well back to my petitions — maybe by '72 the weaker sex will get up in arms enough to straighten out this mess.

It is always happy news to hear about the birth of a baby. Mr. and Mrs. John Griffith of Mesita Road have just become grandparents for the second time. The parents are Captain and Mrs. Richard J. Evans (nee Kathryn Griffith). Their baby daughter was born August 16. She has a twenty-two month old sister Kimberly Kathryn.

The family was very happy that Dick could be here with Kathryn when the baby was born. When Kimberly was born he was stationed in Vietnam.

The young couple and their family are now living in Capistrano. Dick is in charge of the Interrogation and Translation Teams at Camp Pendleton. The entire family stayed with the Griffiths here in Pasadena when Kathryn was released from the hospital.

Word of their son John is that he is stationed in Bad Kreuznach, Germany, where he is attached to the 8th Signal Battalion and is serving as head of the motor pool records. He has been able to do a little traveling in Europe during his accrued leave time. He spent five days in Amsterdam and is looking forward to an extended leave to take a trip through France and England.

The Walter Dorns are still recovering from their recent trip to the Bahamas where they attended a sort of jewelers convention for four days and then stayed on to enjoy the islands on their own. They stayed at Paradise Island which is connected to Nassau by a bridge.

Madeline said that the islands are just beautiful, but if you go take lots of cash. They think nothing of charging over one dollar for a N.Y. newspaper and everything else in the commodity line is relative. However she said it is worth every penny you spend as it is like no other place in the world.

Their trip started off a little unfortunately. The flight that they were scheduled to take is the ship that was hi-jacked to Cuba so as a result they had over a six hour delay in take-off. This should have warned them of things to come but they proceeded with no premonition of trouble. The trouble they incurred was that Walter contracted some tropical virus that put him into the local hospital.

They happened to have a staff doctor that had trained right here in Southern California, but their hospital is of the most primitive type with practically no equipment and far too many patients to take care of. You are indeed fortunate if you can locate a doctor within eight hours from the time you need him. However, in spite of his sickness, they would both return gladly to that little bit of tropical paradise.

Talked to Mrs. Louis Dickson and learned that their daughter Marva has transferred from University of California at Santa Barbara to USC. She is a junior this year and is affiliated with the Phi Phi sorority.

The Alan Waytes of Fairpoint Street just returned from an exciting back pack trip with the Russell Kullys and the Lloyd Derbys. They all went up to Yosemite and started at Tuolumne on a back pack trip up into the high country.

They hiked around nine miles a day stopping each night at camps where they were furnished beddings, tents, and food. These camps on the Sierra Camp Trails are so difficult to get into that they have to use pack mules to bring in the supplies for the camp. There are accommodations for about forty people but reservations must be made far in advance through the Curry Company. They hike independently but join in the group at the end of the day. It is beautiful country and the hikers are able to see many of the mountain animals in their natural habitats. They follow the Merced River right to its starting point.

Robert and Karen Matter of Mariposa Avenue hosted a family birthday dinner party for his brother John "Ted" Matter on Sunday, August 25. Ted's actual natal anniversary day was August 27. Well, happy birthday, Ted, and many more!

TRANSIT TOPICS

News and information about your public-owned transportation system, published in this newspaper as a community service from the Southern California Rapid Transit District.

by

ARTIE DEE

Transportation Editor

Several weeks ago, I called your attention to some real good jobs offered by RTD. They were needing bus operators and diesel mechanics. Well, they still need some of each. Like I said before, if you need a job, or want to better your income, this is your opportunity. The folks aren't fooling; they'll put you to work right away if you qualify. Why don't you give them a call for further information and tell your friends and relatives about this.

I sure opened up a whole new can of beans when I mentioned the possibility of Rapid Transit for Los Angeles County. My mail is full of questions that need answering. The good folks at RTD tell me the big question of Rapid Transit will be answered November 5th at the polls. They went on to say that 89 miles of modern high speed rail Rapid Transit will serve most of the county. The cost to the average citizen will be around \$14 per year. Now I don't know about you, but I waste more than that a year just driving around hunting for a place to park. This is the first time since I can remember that we, the people, have something to vote on and I sure intend to take advantage of it. I am tired of traffic and exhaust fumes.

The new 125 Marineland service is something you should take advantage of, if you haven't yet. This line not only provides direct, fast service to Marineland, but also gives the good folks from Palos Verdes, Waverly, Redondo Beach, Manhattan Beach commuter service to and from Los Angeles. The RTD has established special fares (lower than regular fares), faster schedules, air conditioned buses for your convenience. Take Old Artie's word for it, this is good service.

Q. How can we get to the County Fair from Azusa? P.D.C.

A. The 64 line runs four trips a day through Azusa that goes to the Pomona Station. From the station, you can get a bus to the grounds. I'll send you a timetable with your map.

Q. If I were to take your suggestion and ride the bus to downtown Los Angeles, where I work, how long would it take, one way, and what would the fare be? I could catch the bus at Eastland, Miss L.L.

A. In the first place, you would almost save your bus fare in parking savings and secondly the bus gets you there almost as fast as your car. One way on the 60 line is \$1.02 and the trip takes just a shade over an hour.

Q. How can I get to Whittier from Rosemead? I live on Rosemead Boulevard south of Valley Boulevard. B.J.

A. The 53 Valley Boulevard will take you to El Monte station, where you can catch the 38 to Whittier. I'll send you a timetable because the 38 only has three trips a day in each direction. You can also ride the 53 west to Garfield and catch the 61 to Whittier Boulevard and then the 72 to Whittier.

Q. I would like to go to Los Alamitos race track and I have no car. Is there a bus to the track from Temple City? R.L.M.

A. Not directly, but you can catch the 52 to 6th and Spring and walk east to the terminal and catch the race track bus. I'll send you a timetable of both lines.

Send your questions to Artie Dee, Transportation Editor, care of this newspaper. All questions will be answered in the column, or by mail. A system map will be sent FREE to each person writing in. NO STAMPS OR STAMPED ENVELOPES ARE NECESSARY.

Pasadena High School PTA Chairmen Have Been Appointed For 1968-69 Year

Pasadena High School PTA chairmen have been appointed to serve for the 1968-69 term, according to Mrs. Ralph Rule, incoming president.

Serving under the direction of Mrs. Stephen Wittles, first vice president, program department, will be: Mrs. John Atkinson, Inspiration and Citizenship; Mrs. James McGuire, Honorary Life Membership; Mrs. Larry Moran, Hospitality; and Mrs. William C. Blakely, Founders Day.

Mrs. Harry C. Gruwell, second vice president, Welfare and Service Department, will be working with: Mrs. Albert Korngiebel and Mrs. John McLaughlin, Continuation High School Representatives; Mrs. Milton R. Emerson and Mrs. Lee Skarin, 12th Grade Representatives; Mrs. Thomas Edwards, 11th Grade Representative; Mrs. Donald Inler, 10th Grade Representative; Mrs. William Baker, Services Committee.

Working in the Publicity Department, under Mrs. Donald Goodwin, third vice president will be: Mrs. William Ballard, Yearbook; Mrs. L. Richard Wernecke, Bulldog Flyer; Mrs. Claude H. Brown, Jr., Outside Publicity; Mrs. Rae Anderson, Communications; Mrs. Franklin A. Williams, Publi-

city Record Book; and Mrs. Kenneth Crumlett, Mailing Committee.

The Finance Department will consist of Mr. Henry Shaw, fourth vice president; Mrs. David Wyman and Mrs. Frank L. Sullivan, membership co-chairmen; Mrs. James Jones and Mrs. S. J. Allen, Football Circus co-chairmen; and Mr. Shaw, Budget Committee.

Heading up the Education Department is Mrs. Edwin J. Cowan, fifth vice president, assisted by Mrs. George Throop, Cultural Arts; Mrs. Warren Schlinger, Magazine and Publications; Mrs. Cowan, School Education and Legislation; and Mrs. Ralph Griswold, World Understanding.

Other officers who will also be serving for the 1968-69 term are Mrs. Robert Ashby, Secretary; Mrs. Nelson M. Otis, Treasurer; Mrs. Stanley Brink, Historian; Mr. Eugene Lambert, Auditor; and Mrs. William E. Baugh, Parliamentarian.

These officers and chairmen, comprising the executive board of the Pasadena High School PTA will meet six times during the coming year to conduct the regular business of the association.

Support Your Hometown Newspaper which has served you almost 60 years of continuous publishing.

Leo Keith Canfield, III Marries Canadian, Marjorie Diane Holdship

MR. and MRS. LEO KEITH CANFIELD, JR.
... The Former Miss Marjorie Diane Holdship

Miss Marjorie Diane Holdship, the daughter of Mr. and Mrs. W. J. Holdship of Smith Falls, Ontario, Canada, became the bride of Mr. Leo Keith Canfield, III, son of Mr. and Mrs. L. K. Canfield, Jr. of Sierra Madre on August 10 at the Arcadia Presbyterian Church in Arcadia at 8 p.m.

Doctor J. Davis Barnard officiated at the double-ring ceremony amid standards of white phlox and gladioli.

Given in marriage by her father, the former Miss Holdship wore an A-line gown of white silk organza over taffeta with a yoke and cap sleeves of Venice lace. The fluid design formed its own chapel train. A finger tip veil of French tulle was held in place with motifs of Venice lace and seed pearls. A cascade of white roses, stephanotis and miniature greens formed the bridal bouquet.

Miss Bridget Martin, maid of honor, wore an A-line gown styled with an empire waist, scooped neckline and puffed sleeves in aqua chiffon over taffeta. A floating back panel was held by a self bow. Miss Susan Snyder and Miss Mary Fitzpatrick as bridesmaids wore gowns of the same style and color. All three carried cascade bouquets of white carnations with greenery and white streamers. Their identical veil headpieces were short multi-layered tulle held in place with a bow.

Attending the bridegroom were Mr. Wayne Randall as best man and Mr. David Watson and Mr. Eric Godfrey as ushers.

Vocal selections by soloist Mr. Maurin Kershwin were "The Lord's Prayer" and "Ave Maria." Organist was Mrs. Tabitha Henken.

The bride's mother, Mrs. W. J. Holdship, wore a floor length sheath gown of rose crepe-backed satin. A draped cowl edged with a fringe of silver bugle beads

gave the gown back interest. The bridegroom's mother, Mrs. L. K. Canfield, Jr. wore a floor length A-line gown of silver blue chiffon with a lace bodice accented with aurora borealis sequins.

Among the many guests giving the guestbook were out of towners: Mr. and Mrs. Sam Shade of Sedar, Kansas; and the bride's aunts, Miss Kathleen Holdship and Miss Rita Holdship of Montreal, Canada.

A reception immediately following the ceremony was held at the Canfield home at 1555 Vista in Sierra Madre.

The Canadian-born bride chose a pale pink silk linen suit with matching accessories and a corsage of white miniature carnations as her going-away ensemble.

After a honeymoon trip to San Francisco and Lake Tahoe, the young couple are now at home in their West Los Angeles apartment. The new Mrs. Canfield will continue her work as a Registered Nurse at the Santa Monica Hospital while Mr. Canfield will be working part-time in addition to completing his final term at Woodbury College where he is a business major. He expects to graduate this November.

Mr. and Mrs. Daniel Mang of San Carlos, just returned from a week's trip to San Francisco where they stayed at the San Francisco Hilton. Bet it was a fun week! Second oldest daughter, Jane, spent two weeks in Catalina with her aunt and uncle. She will be entering PCC this fall. At the beginning of the summer, a two weeks stay in the Mang beach house in Laguna included the whole family — Alice, Jane, Bill, Barbara, Nancy and of course, Mom and Dad.

Secretaries' Group Review Course

The Pasadena Chapter, National Secretaries Association (International), will again cooperate with the Pasadena City College in presenting a Management Secretarial Review Course this fall.

Sessions will be held each Monday evening, beginning on September 16, in Room

202H, Pasadena High School, from 7 to 9:30 o'clock, as part of the Adult Education Program. You may register at any session during the class period.

In addition to updating skills in the above subjects, the course is designed as preparation for those who wish to take the Certified Professional Secretary examination next May.

PTA Launches New Year at Annual Luncheon

Pasadena High School PTA will launch its new year with the traditional annual luncheon for teachers on September 13, at 12 noon, in the PHS Teachers' Cafeteria.

The luncheon, with "An Apple for the Teacher" as its theme, is the PTA's way of saying, "Welcome back," and expressing its gratitude and pledge of cooperation to the administration and staff at the high school.

In addition to its regular program, PHS PTA will undertake a major project this year, when it co-sponsors with Pasadena PTA Council a council-wide meeting in January featuring Dan Moore as guest speaker. Mr. Moore is an education editor for the Los Angeles Times and was the main speaker at the California Congress of Parents and Teachers State Convention last May.

One service of PHS PTA, which receives little publicity, is its assistance to students. Net proceeds from the sale of Football Circus tickets are set aside in a separate fund and administered through the office of Dr. Una Wickes, vice principal, to help students who need temporary financial assistance. Annual reports at the close of the last PTA year recorded that in addition to providing for school lunches, school supplies, clothing and personal grooming needs, PHS PTA provided cap and gown rental for the graduating seniors, contributed funds for four partial scholarships and recommended students to attend summer sessions at the Pasadena Art Museum and Creative Arts Group. One student was given a European Cultural Arts Scholarship and three PCC scholarships were awarded to students who qualified.

Standard contributions are made to the Campership Fund and the Welfare Center of Pasadena PTA Council.

Editorially Speaking ..

Poll Toll

One very significant development of the presidential convention weeks was the embarrassment suffered by the big political pollsters.

Before the Republican convention the Gallup poll revealed that despite Governor Rockefeller's multi-million dollar campaign to sway popular opinion through the polls and therefore sway the delegates, he was trailing Richard Nixon rather badly. A week later the Harris poll showed Rocky ahead. A few days later Mr. Gallup and Mr. Harris took another poll, among themselves, and came up with the agreement that Rocky was indeed the leader.

The delegates at Miami had quit a different opinion. One newspaper observer remarked somewhat cynically, "One Gallup doesn't determine the winner of a race." Another said: "You ask for whom the bell tolls? It tolls for polls." The Miami fiasco will hardly rank with the Literary Digest failure; and in certain areas polls still retain their relevance. But it certainly exposes to a relentless light the potential fallibility of minuscule samplings of something so volatile as public political opinion.

Skids To Bankruptcy

What is the answer to rising welfare costs? That is a question that may soon be foremost in the minds of voters, as well as officials at every level of government. In spite of statistics that indicate prosperity, the relief rolls continue to grow.

Two states, California and New York are approaching a crisis — 2.4 million people in these two states live on relief. This amounts to 25 per cent of all the welfare recipients in the nation. These two states are expected to spend \$4.5 billion on welfare during the next fiscal year. Welfare roles in New York State rose 40 per cent in 1966 and 1967. California's welfare tally has doubled in the last five years. Medicaid has become a major part of the welfare picture — \$946 million of California's 2.3 billion welfare budget for next year is allocated to medical aid for the needy.

A New York official in commenting on what has become a national problem says, "Welfare is now almost beyond the power of any city to handle. It is getting too big for a State." All of which brings up the question of how much longer candidates for public office can ask for voter support on the strength of bigger spending programs.

Merry Christmas!

The new administration and the new congress which take office next January may find themselves in a race with catastrophe.

The nation's mail service is on the brink of breaking down, and the crisis involving America's basic line of communication can only be resolved by swift legislative and executive action which obviously will not be forthcoming in the waning, political months of 1968.

The volume of U.S. mail has steadily increased to about 80 billion pieces this year, all of it moving more slowly than ever despite higher postage rates, and plans have been drawn for fewer home deliveries if necessary. Over the past 10 years, by the economic yardstick, productivity in the mail service has increased by only 25 per cent, compared to 34 per cent in the private sector of the economy.

Put more dramatically, twice in recent years (1963 and 1966), operations at the world's largest postal facility, the Chicago Post Office, have clogged to a complete halt.

How does it happen that a nation so skilled technologically, so sophisticated managerially, can produce only one of the worst postal services in the world?

Nearly 20 years ago the Hoover Commission declared, "the Post Office should be taken out of politics." Therein lies the prescription for remedying the ills of the U.S. mails today.

The President's Commission on Postal Organization recently recommended that the postal service be taken over by a government-owned corporation and operated by an appointed board. This would mean removing the present Department from Cabinet status, extricating it from the morass of congressional and lobbying influences, and giving the board power to set postal rates, bargain with postal labor unions, determine competitive rates of compensation, institute vast technological improvements, and replace congressional patronage throughout the postmaster system with skilled professional management.

At the present time the Post Office Department has virtually no meaningful management. Efficient postmasters cannot be transferred from a small office to a large one, and the Postmaster General has almost no power to hire or fire, to set rates or wages, or to spend for new capital equipment. The Department sees none of its own revenues, which go directly into the Treasury, but instead must do business today on appropriations which were estimated two years ago.

To date the Commission's recommendations have received less than enthusiastic response from President Johnson, some congressional powers, and the strongest of all affected lobbies, postal labor unions. By contrast, the Republican Party platform promised "full consideration" of the recommendations.

Until somebody acts, the mail will continue to worsen. Meanwhile, Merry Christmas.

Hippies Out

Far too often these days the argument is made — and seems to stick — that the schools don't have the right to tell their students how to behave or dress. We can't interfere with individual rights we are told.

A new code of behavior and decorum has been put into effect for the coming fall semester by the Piedmont Board of Education in Alameda County which seems to belie that contention.

The Piedmont edict says in part: "Every student shall be neatly and cleanly groomed, and shall not wear bizarre or distracting dress to school. Parents share the responsibility for students' dress . . . and the school can't look like a zoo."

"No smoking or display of tobacco will be allowed on school property and the use of liquor, any hallucinogenic drug or marijuana invites suspension."

The district trustees also made it clear that discipline will be invoked if the rules are broken.

Rights notwithstanding, it appears that in Piedmont at least student discipline is considered a vital part of the educational process.

FREEDOM AT ANY PRICE

by
DR. HENRY V. WITTY

Editor's Note: While Dr. Henry V. Witty is on vacation we will present several guest columnist's viewpoint on various affairs for which this newspaper takes responsibility.

Ever since the Franklin Roosevelt era, with the exception of the Eisenhower years when a war hero won the Presidency, American political life has been dominated by a powerful coalition of union chiefs, minority bloc voters and radical elements drawn from the universities. Time and again it has been a winning combination. While basically unrepresentative of the nation as a whole, it nevertheless has been able to capture the White House and many state houses as well.

This year, however, a new coalition seems to be emerging. The successive waves of riots in urban centers, agitation by Vietnams, the spread of civil disobedience resulting in widespread anarchy — all have produced a strong reaction among responsible citizens who know that the nation must have law and order to achieve further progress.

The counter-movement to anarchy is a true grassroots movement. Americans have had to put up with many humiliating reverses at home and abroad. The Johnson administration's "no win" policy in Vietnam has angered great numbers of citizens who believe that victory always should be the American goal when war breaks out. There also is intense bitterness that the humiliation of the United States should reach the point where little North Korea would dare snatch an American warship off the high seas and hold its crew prisoner. At home, the American people have seen their capital invaded by an army of vagrants and thugs who were allowed by the Johnson administration to establish an encampment on the banks of the Potomac. Other good citizens are outraged at the chaos on the campus and at the entrenchment of leftists in college and university faculties. Still others are alarmed at the decline of the U.S. dollar as result of the inflationary spending policies of the "liberal" regime in charge in Washington.

Property owners across the nation are shocked and furious that in many communities police have not been allowed to shoot looters and arsonists and that ed in giving privileges to disorderly elements than he is in helping create a climate of law and order in the nation.

In short, great numbers of Americans have had enough. They don't want the Great Society's ruinous policies continued under a successor administration. They are properly concerned that a new defeatist administration dominated by "liberals" will abandon the cold war struggle against communist tyranny and thereby lead the United States to disaster.

Out of this widening public concern has come the counter-movement of responsible Americans manifesting determination that realistic, forceful policies prevail in the next four years. At the heart of the new, emerging coalition are the two principal streams of American conservatism — the conservatism of the South and the West. What is most significant, however, is that the counter-movement is strongly attracting the industrial working people of the North and the small businessmen of that region. For the first time in decades, the northern industrial worker is rejecting stereotyped "liberal" ideas.

They see their neighborhood and their local schools threatened with ruin by anarchists in the street and by social reconstructionists in the White House and the universities who want to shatter established patterns of living.

The industrial worker, who has scored great economic gains through the growth of U.S. free enterprise, suddenly realizes that these gains will be taken away if militant leftists have their way in refashioning American society along radical lines. They know that American cities can't be improved by subjecting the suburbs to a new form of compulsory association or by agreeing to permissiveness in handling of protesters. "Law and order" is a theme that touches the deepest concerns of the average American in all parts of the country, South and North, East and West. That's why the new political coalition is forming. Once established, it should result in a new orientation of American life and politics and, in the process, save the Republic.

To be sure, the "liberals" want to kill the new coalition in its cradle. It already is apparent that they will resort to smear tactics against the leaders who stand for domestic tranquility and victory in Vietnam. What is imperative, therefore, is that the "stay at the Attorney General of the United States, Ramsey Clark, seems more interested" conservative vote turn out for once and give the American government back to the American people in November.

L.A. County Assessed Value Now at 23.9%

The average property assessment in Los Angeles County was confirmed this week at 23.9% of market value, down .8% from 1967, according to the State Board of Equalization.

Chairman Richard Nevins said the statewide weighted average dipped from 23.2% to 23% "because the percentage in Los Angeles County, which has 38% of the state's taxable property, fell nearly a point."

Percentages for every county but one—Santa Barbara—changed in the year as 49 county assessors strove for a 25% assessment percentage required by law in 1971.

However, Nevins, who represents Southern California, said that "Most of the changes were fractional. There were almost as many reasons for the variations as there are counties."

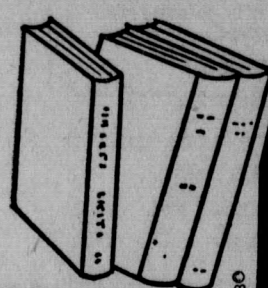

Nine assessors have legally chosen a lesser percentage than the 25% goal this year. They are Stanislaus, 20; Fresno, 22; Napa, 22½; Marin, Imperial, Siskiyou and Trinity, 23; Sacramento, 23.6; and Humboldt, 24%.

"If the assessor is within a point either way of his announced ratio or the statewide average, taxpayer can consider him on target," Nevins said.

The percentages of market value help decide the distribution of \$425 million in school equalization aid, affect school construction loan repayments, and can be used in local equalization assessment appeals.

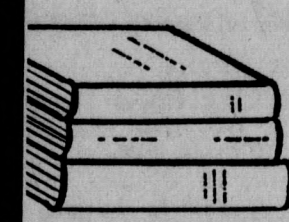

Generally, counties with lower ratios of assessed to market value were re-appraised by the Board in the last year. These surveys tend to find a lower average assessment level for the county than the economic indicators which are used between the Board's triennial appraisals.

ORDINANCE NO. 828

AN ORDINANCE OF THE CITY OF SIERRA MADRE ENACTING AN INTERIM ZONING ORDINANCE

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES ORDAIN AS FOLLOWS:

SECTION I. Pursuant to the provisions of Section 65588 of the Government Code of the State of California, the property hereinafter described is hereby temporarily reclassified as C-1 property, and any and all uses inconsistent with the C-1 zoning regulation of the City are hereby prohibited:

SECTION II. This ordinance shall remain in effect for a period of ninety (90) days from the date hereof and all provisions of the Sierra Madre City Code inconsistent therewith are hereby suspended for the term of this ordinance.

SECTION III. That this Ordinance is hereby declared to be an urgency Ordinance and shall take effect immediately. A statement of facts constituting the basis of such urgency is as above set forth. This Ordinance shall remain in effect for a period of ninety (90) days from and after the adoption hereof.

SECTION IV. That the City Clerk shall certify the adoption of this Ordinance and cause the same to be published in the manner prescribed by law.

PASSED, APPROVED and ADOPTED this 27th day of August, 1968.

Ralph R. Rule
Mayor of the City of Sierra Madre, California

ATTEST:
L. Marie Warfel
City Clerk

STATE OF CALIFORNIA
COUNTY OF LOS ANGELES } ss:
CITY OF SIERRA MADRE

I, L. MARIE WARFEL, City Clerk of the City of Sierra Madre, do hereby certify that the foregoing Ordinance, being Ordinance No. 828, was introduced at a regular meeting of the City Council of the City of Sierra Madre, held on the 27th day of August, 1968, and was duly passed, approved and adopted by said Council, approved and signed by the Mayor and attested by the City Clerk at a regular meeting of the City Council held on the 27th day of August, 1968, by the following vote:

AYES: Councilmen Hartman, Nickoloff, Rudolph, Rule, Simons.

NOES: None.

ABSENT: None.

Newcomer Club Start New Year

The Sierra Madre-Arcadia Newcomer Club will launch the new club season with a luncheon at a hotel at 130 W. Huntington Drive, Arcadia, on Tuesday, September 10. A social hour will begin at 11:30 a.m., with luncheon to follow.

Mrs. Henry Vincent, club chairman, will conduct a short meeting following the luncheon. New members will be informed of the many activities of the club, such as bridge, bowling, golf, and crafts. There are also tours on the fifth Wednesday of the month to nearby points of interest. Several parties are planned for the 1968-69 season for members and their guests. Reservations for the luncheon must be made by Friday, September 6. They may be made by calling Mrs. John Jones at 355-6182.

The Force Logistic Command is the largest supply complex in Marine Corps history. It serves more than 80,000 Marines plus South Korean troops in the I Corps area of South Vietnam.

There is only one way to eliminate the bump in bumper-to-bumper traffic on a holiday weekend. Give yourself more space cushion between your car and the car ahead, advises the Institute for Safer Living.

From the

FIRE SIDE

By One of the Boys

Well, from watching all the boys they were sure on a "Hot Spot" over the weekend of August 24-25. Captain Bobby Clark had committed one engine and four men, and 14 wanted to go. . . . All Bobby would say is "When the Plectron sounds you all come to the station and orders will be issued from there. . . . I just wonder who would have gone?"

Of course, all joking aside this is serious business, you think about, and plan on the protection of your own community and still make yourself available to others, as you certainly want their help, if and when.

Then too, your local boys have the job of helping the Forest Service in blocking off the Chantry Flats Road, and this is generally done in shifts of three and four for three or four hours. Since we are volunteers, the shifts are made up of those that are willing to serve. . . . you can sure tell it is not one of those \$5 calls by the faces that you see on the service line.

Tucker has been missing so many fires lately that now he has hired or invigiled Joe Barboza, and I understand he gives Joe fifty cents, to watch the front door of the Sierra Madre News and if he sees George Maurer or Bob Evans running like mad with the fire jacket in their hand, he is instructed to call Doug in Pasadena. Doug then leisurely goes to his car and generally gets to Sierra Madre just minutes before the engine is returning to the station. . . . He is sure that all hose and equipment has been picked up before he shows.

And they tell me that this is legal as the rules say that a man must show up before the equipment is secured, and everyone knows that 50 cents is 50 cents these days.

Gee, I am still here, thought for a while I had reached the end. . . . Seems there is a little piece of yellow paper with figures on it that comes my way, and this signifies my continuance. . . . Joseph Grippi made it out and signed it July 8, Editor Evans gave it to me August 27 saying he had just had it handed to him by Secretary Burleson. . . . Anyway I was a little shaky for the past 51 days.

Next week — Why does John Buchan play "footsie" with you know who?

Death Takes Tony Barela

Recitation of Rosary was Monday, September 2, 1968, and Requiem Mass on Tuesday, September 3, for Tony A. Barela, age 73, who passed away at St. Luke Hospital on August 30 after a brief illness.

He leaves to mourn his passing the wife, Mary L. of the home at 130 Suffolk St.; two daughters, Mrs. James L. Walters and Mrs. Walter H. Biely of Sierra Madre, and one son, Anthony A. Barela of Reseda.

Rev. Thomas J. O'Malley officiated at the Passionist Fathers Monastery Chapel and interment was in Resurrection Cemetery in South San Gabriel. He was a member of Elks Lodge No. 1427 of Monrovia for many years.

Speaking of Birthdays — Happy Late Birthday Greetings to the Boss, R. Robert Evans, Sierra Madre News' own Carrot-Top who celebrated his birthday on Saturday, August 17.

Build Your City By Shopping with local merchants.

Well, before I end this nonsense I promised you to tell you how Doug Tucker flim flams the General Fund of the Fire Department. . . . You see if you miss a fire call you are assessed \$1, which goes to the General Fund of the Department to help keep Joseph Grippi happy.

Tucker has been missing so many fires lately that now he has hired or invigiled Joe Barboza, and I understand he gives Joe fifty cents, to watch the front door of the Sierra Madre News and if he sees George Maurer or Bob Evans running like mad with the fire jacket in their hand, he is instructed to call Doug in Pasadena. he knew were in the restaurant.

Evans worried about this all the way to the fire, during the fire, and after the fire, and finally Burleson told him that it was impossible for them to make it. . . . They had no Plectron, and the horn had not blown. . . . So you see faces are made red other than sun-burning.

Well, before I end this nonsense I promised you to tell you how Doug Tucker flim flams the General Fund of the Fire Department. . . . You see if you miss a fire call you are assessed \$1, which goes to the General Fund of the Department to help keep Joseph Grippi happy.

September 12 Is Deadline For Voter Registration

In accordance with our policy of providing useful information to the citizens of Sierra Madre, we are again publishing a list of the Field Deputy locations where persons may register for voting in ensuing elections. Most of these places are private residences, and the persons desiring to register will, in most cases, be able to do so during reasonable hours throughout the week, and on Saturdays and Sundays.

The closing date for registration of voters is always the fifty-fourth day prior to the day of any particular election. Registration closes for the November 5th General Election on Thursday, September 12.

There are six classes of persons who should register or re-register for the election; they are:

- Those who have changed their residence address in any way since they last registered, and have not re-registered from their present residence address.
- Those who have changed their name since they last registered.
- Those who desire to change their political affiliation.
- Those voters whose registrations were cancelled because they did not vote at the General Election in 1966 and who have not re-registered since said cancellation. (However, those voters who still reside at the same address and who sent in the return postcard mailed to them by the Registrar of Voters after the 1966 General Election cancellation, need not re-register.
- Those who have become of age, and have not registered.
- New residents of Los Angeles County, who will have the required qualifications by the date of the election. These qualifications are:

- One year residence in the State.
- Ninety days residence in the County.
- Twenty-one years of age.
- A naturalized citizen must have been a citizen for at least ninety days prior to the date of the Election, (August 7, 1968 is ninety days before the General Election).
- All voters must be able to read the English language and sign their names, and must not be disqualified to vote by reason of a felony conviction.

Local deputy registrars include the following:

Mrs. S. J. Asher, 410 Gatewood Terr.; Mrs. N. A. Davis, 465 W. Grand View; Mrs. A. E. Hahn, 140 E. Grand View; D. W. Barnett, 375 E. Grand View; Mrs. R. M. Barnett, 375 E. Grand View; D. P. Foote, 391 E. Grand View; Mrs. S. C. Besocke, 891 E. Grand View. Mrs. F. E. Stroup, 555 W. Highland Ave.; Mrs. R. M. Rose, 397 N. Lima St.; Mrs. E. T. Dane, 566 Manzanita Ave.; Mrs. E. B. Parker, 368

Mariposa Ave.; Mrs. B. J. Becker, 500 Mariposa Ave.; Mrs. M. E. Van De Verg, 86 E. Mira Monte; Miss D. A. Thill, 55 W. Sierra Madre.

Mrs. J. A. Redman, 325 Sturtevant Dr.; Mrs. W. D. Waddell, 900 Sturtevant; Mrs. L. M. Warfel, 319 N. Sunnyside; Mrs. M. W. Bourgeois, 68 Vista Circle Dr.

Cystic Fibrosis Guild Invitational At Brookside

A bright new men's amateur golf tournament has appeared on the horizon, it's due to shine Friday, October 4 on Pasadena Brookside No. 1 Golf Course, site of the 1968 Los Angeles Open. It will be sponsored and run by the Cystic Fibrosis Guild of Pasadena, under president Mrs. Henry Smither, for their 1968 benefit which raises funds to contribute to research in the disease at Children's Hospital in Los Angeles.

Members in matching bright green cellophane skirts, white shirts and straw hats will handle prizes for highest golf scores, low gross and low net. Co-chairmen for the benefit are Mrs. Matthew Slavin and Mrs. Eugene Rode. Mr. and Mrs. William Olson are in charge of the Callaway system of handicaps and scores.

Mrs. Wells Pleas and her committee will have a putting contest to try the skills of the golfers. Mrs. Dominic Giangregorio coordinated the members golf attire and Mrs. Charles Hardison is in charge of the many prizes which will be awarded at the cocktail hour following the tournament.

There will be a dinner-dance at 8 p.m. for members and their guests, after the exciting day of golf. There are many amateur golfers among the 36 Guild members who will be circulating and working to make this first C.F. Invitational an exciting and rewarding day for the 150 golfers who will be playing.

Other committee chairmen are: Mrs. Louis Dickson, patrons; Mrs. Richard Esbensen, scoring; Mrs. Charles Hardison, prizes; Mrs. Charles J. Haver, publicity; Mrs. David Zinsmeyer, decorations, and Mrs. Matthew Slavin, invitations.

Donald Morant Now In Vietnam

Marine Private First Class Donald H. Morant, son of Mr. and Mrs. B. W. Morant of 61 W. Bonita, is serving with the Marine Force Logistic Command in South Vietnam.

His unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and schools. Equipment and materials are made available through the Marine Corps Reserve Civic Action Fund.

SAME OWNERSHIP FOR 57 YEARS

here it is . . .

In Sierra Mesa School last spring one of the teachers was asking the children to stand up one at a time and state their ambition in life. Finally it came the time of one little girl, and we will call her Veronica, to make her statement, and this is the way it happened:

Veronica: "I would like to reverse the theory of evolution."

Teacher: "Please elucidate."

Veronica: "I want to make monkeys out of men."

You see, Veronica was young, she had not been in communication with her 20 year old sister, nor had she been paying particular attention to her mother; had she, then she would have known that this has been going on for many, many years . . . and successfully too.

I was talking to a local spinster the other day and eventually came around to asking her why she had never selected a husband, knowing full well that I was treading on soft sand, but she, being a jovial person, only laughed and made the following remarks:

"I have a dog that growls, a parrot that swears, a fireplace that smokes and a cat that stays out all night . . . Why should I want a husband?" . . . that one stumped me, I just laughed along with her; what else could one do under the circumstances?

The nation has just passed through another three day holiday, "Labor Day" and the figures show that there are not as many of us alive today as there was on September 1. Of course I have always termed Labor Day as Laborious Day . . . with three days off it is an invitation to a change of scenery.

But when everyone gets the same idea simultane-

Workshop Student Applications Now Available

Twenty-three art students from high schools throughout Los Angeles County will be selected to participate in a fall "Workshop in Drawing and Painting," co-sponsored by UCLA Extension's department of arts, humanities and social sciences and the UCLA department of art.

Students with artistic ability or interest who are recommended by an art teacher, counselor or school principal may make application before September 20. The 12-week workshop will meet Saturdays, September 26 through December 14, 9 a.m. to 12 noon, in the School of Fine Art, Los Angeles.

Participants will have the opportunity to work with Robert Landman who studied in European art centers and instructed at the Castello Academy, Pavia, Italy, before joining University Extension's teaching staff. In recent years he has coordinated their art program with emphasis on studio courses, and has taught lower and upper division classes.

His workshop instruction will cover the fundamentals of three-dimensional drawing based on logic, perspective, color and observation, as well as a basic introduction to painting with emphasis on composition and color theory. Application forms may be obtained by calling 825-1898.

ously, about the only scenery to be seen is cars to the left of you, cars to the right of you, cars fore and aft, and then Labor Day becomes Laborious Day . . . So dear citizens, if you didn't stay home, I do hope that you drove carefully.

So, since conventions and elections are on everyone's mind, I will close up the column for the week with the following remark . . . Should George Wallace's campaign to block a Presidential decision in November work out, he will not force the election into Congress but will use his Electoral College strength to bargain with Nixon, I hope, I hope, I hope.

Out of the Cobwebs

Sixty-One Years Ago: Sept. 6, 1907

A large number of people thoroughly enjoyed the concert last Saturday night at Carter's Camp, given by Mr. Franz Wilcek, the celebrated Austrian violinist, who is spending a few days in this city. Mr. Wilcek is recognized as one of the best present-day violinists, and is well known on the Pacific coast. He was assisted by Miss Venita Reche, soprano, and Miss Helen Mead, flutist, Los Angeles.

Brig. Gen. Murray, who has just completed a tour of inspection of the government harbor of the Pacific coast, says that all possible haste should be made in perfecting and completing the fortifications at San Pedro harbor. However, according to the general, it will be necessary for Congress to appropriate money before further action can be taken by the war or navy department. The general is on his way to Washington.

On Labor Day great throngs from Los Angeles, Pasadena and nearby towns came to Sierra Madre to enjoy mountain air and scenery.

Mr. and Mrs. Philip C. Carter left Wednesday for Catalina Island, where they will take a short vacation.

Mrs. M. A. Lockhart is visiting her daughter, Mrs. Charles Baker, in Los Angeles.

Forty Years Ago: Sept. 7, 1928

Charles L. Drake, a venerable resident of Sierra Madre, passed away on Thursday, August 30, on the Santa Fe train which was bringing him and Mrs. Drake homeward from a visit in the east. Mr. Drake would have been 80 years of age this month. For the past nine years Mr. Drake had lived at 152 E. Grand View.

Mr. and Mrs. A. C. Follweiler have taken over the management of the Mountain Glen property on Churchill Road and have changed the name to Rest Haven Lodge. They propose to operate it as a high class rest home and provide room and board at reasonable rates. They are operating it for the owner of the place, Mrs. Blecha.

W. S. Hull of the Sierra Madre Hardware Company is really living again, his family having returned from Long Beach after a month's outing.

Mrs. Robert Babbitt had as guests Friday evening, Mmes. Donald Hosford, Frank Lovell, Vernon Udell, Aubrey Young, Alfred Belohlavek, George Norris and Thomas Schwartz. The evening was spent playing bridge, after which a dainty luncheon was served. Mrs. Hosford won first prize, Mrs. Udell second, Mrs. Lovell third and Mrs. Belohlavek the consolation.

City Attorney Frederick Baker and wife have been guests at Resthaven Lodge, formerly Calumet Lodge, on Churchill Road for a week. During their stay here Mr. Baker has made several visits to the canyon and has taken this opportunity for looking over the pool and road situations. He expresses himself as being pleased with this section of

Registration Deadline Is September 12

A brochure containing vital voter registration information has been prepared for free distribution to citizens throughout the county. Registrar-Recorder Ray E. Lee has announced.

The informative guide to registration procedures explains where and how to register or re-register, the method of obtaining absentee ballots, and important information regarding registration and absentee balloting for servicemen and their dependents.

"Deadline for voters to be registered for the general election is September 12," Lee pointed out, urging prospective voters to register as early as possible to avoid the usual last-minute rush.

The booklet, which contains voter information, may be obtained at any city hall, or by writing to the Los Angeles County Registrar-Recorder, 808 N. Spring St., Los Angeles 90012.

Tell your merchant that you saw his advertisement in the News. It will help maintain your newspaper on a higher standard.

You and Your Neighbor

by NANCY BRYAN

The beginning of August, might call "cool," and therefore, a lot more enjoyable. (Wonder what "cool" means to Lake Mohave-ites?)

Louis F. Kimball is still in the Park Marino Convalescent hospital in Pasadena where he is recuperating from that heart attack. Guess he's been laid up since about the first of July. Hurry and get better, Mr. Kimball!

Happy Anniversary to Keith and Dorothy McKay of Holdman Avenue. On September 8 it will be twenty-three years ago that they were married in Pasadena. Congratulations!

The new JET STREAM is truly a significant step forward in large drycleaning machinery engineering. A full 60 lbs. is cleaned, extracted and dried in a super-fast 23 minutes, giving volume production of 150 lbs. per hour. The entire cycle is automatically governed by PERMAC'S Computomatic process control. JET STREAM is also equipped to use all drycleaning systems such as the conductivity or relative humidity controlled systems, the single or two bath systems, PERMAC's new TRI-STAGE system, etc. JET STREAM is a big machine with big machine features.

Arboretum Offers Variety of Courses

Practically everything a home gardener needs or wants to know about anything that grows in soil in or outside his house, may be found this fall in an unusually variety of courses offered by the Education Division of the Los Angeles County Department of Arboreta and Botanic Gardens.

Lawn care, plant identification (including weeds), landscape design, and the planting and feeding of common and rare trees, shrubs and flowers, are among subjects included in the fall schedule which starts the second week of September.

Most courses are in the form of workshops, with beginning and advanced levels of training.

Two new courses have been added to this year's schedule. One, designed primarily for those employed in the horticulture industry, offers basic principles of biology, chemistry, physics and physiology as related to plants; the other offers a survey of California history as seen in the development of the San Gabriel Valley from the days of the Indian.

For the artistically inclined, there are four classes in sketching and water colors and in flower arrangement. A fee is charged for these classes; all the others are offered without charge in co-sponsorship with Pasadena City College.

The courses will be given at either of two of the Department's facilities: the Arboretum in Arcadia, or Descanso Gardens in La Canada. Students will register at the first meeting of each class and pay any course fees at that time. Detailed information may be obtained by calling Adult Education headquarters at the Arboretum, telephone 681-5277 or 446-8251.

An outstanding group of guest instructors will assist regular instructors, most of whom are members of the Department staff. Guest instructors include: Dr. Irving S. Bengel, science editor of the Los Angeles Times; Ken Dyo of Dyo Brothers Landscaping Company; Tosh Fuchigami, turf research specialist; George Lewis, senior gardener, Arboretum; Dr. Julius S. Miller, physics professor of El Camino College; Anne Mower, post graduate botanist from UCLA; Stanley Spaulding, turfgrass technician, University of California, and Dr. William S. Stewart, director, County of Los Angeles Department of Arboreta and Botanic Gardens.

Half Cent Sales Tax Is Required For Rapid Transit

COMMUTERS TO SAVE FAR MORE ON TRANSIT THAN ACTUAL COST

Continued from last week San Fernando Valley Corridor

The San Fernando Valley route starts in subway near Western and Wilshire Avenues at the junction station of this route and the Wilshire Boulevard line.

The route from this station is north via open cut in a private right-of-way along the east side of Ridge-wood Place to a point south of Sunset Boulevard.

Near Sunset Boulevard and the Hollywood Freeway the line transitions to a subway and proceeds westward under Selma Avenue to the vicinity of La Brea and Selma Avenues with stations providing close access to both Hollywood and Sunset Boulevards. From Selma and La Brea Avenues the route continues via tunnel through the Hollywood Hills to Universal City.

From Universal City to the route terminus at Tampa Avenue and Sherman Way, the system would transition to an aerial structure.

The portions that parallel Van Nuys Boulevard and Lankershim Boulevard would require the purchase of private right-of-way.

The skyway sections on Sherman Way and Chandler Boulevard would be located in the wide median strip of these thoroughfares to the terminal station.

San Fernando Valley Stations

San Fernando Valley Corridor stations would be at: Beverly Boulevard and Ridgewood Place, Santa Monica Boulevard and Ridgewood Place, Vine Street and Selma Avenue (Hollywood), La Brea and Hawthorne Avenue (Hollywood), Lankershim Boulevard and Hollywood Freeway (Universal City), Lankershim and Magnolia Boulevards (North Hollywood), Laurel Canyon Boulevard and Chandler (North Hollywood), Fulton and Burbank, Vesper and Sylvan (Van Nuys), Tobias south of Sherman Way (Van Nuys), Sepulveda Boulevard and Sherman Way (Van Nuys), Balboa Boulevard and Sherman Way, Lindley Avenue and Sherman Way, and Tampa Avenue and Sherman Way (Reseda).

A minor modification of the parking lot and bus access area in the vicinity of the Rosemead Boulevard

Station in Rosemead comprises the only San Gabriel Valley Corridor change.

The adopted San Gabriel Valley Corridor route:

San Gabriel Valley Corridor

The San Gabriel Valley route begins in subway east of Alameda Street and runs under Macy Street to Mission Road. There it emerges from subway and continues, at grade, in the old Pacific Electric right-of-way, entering the center dividing strip of the San Bernardino Freeway just east of California State College. Alignment remains in the median strip as far as Baldwin Avenue in El Monte where it leaves the freeway on the Pacific Electric right-of-way and transitions to an aerial structure to the El Monte Terminal station at Tyler Avenue.

San Gabriel Valley Stations

San Gabriel Valley Corridor Stations would be at: State Street (County Hospital, Los Angeles), Eastern Avenue (State College, Los Angeles), Fremont Avenue and San Bernardino Freeway (Alhambra), Garfield Avenue and San Bernardino Freeway (Monterey Park and Alhambra), Del Mar and San Bernardino Freeway (San Gabriel), Rosemead Boulevard and San Bernardino Freeway (Rosemead), and Tyler Avenue and Ramona Boulevard (El Monte).

Directors approved the following routing for the Long Beach Corridor:

Long Beach Corridor

The route begins in subway at the Seventh and Broadway interchange and proceeds southerly under Broadway to a point beyond Washington Boulevard. There it turns eastward and transitions to an aerial structure in private right-of-way north of 25th Street. The route then continues eastward parallel to 25th Street and Central Avenue where it turns southward on private right-of-way east of Central Avenue and continues south to Central Avenue to the vicinity of 91st st.

There the line turns eastward again to reach the median of the proposed Industrial Freeway at about 93rd Street. The route then follows the Industrial Freeway south to Greenleaf Boulevard where it leaves the Freeway median and transitions to an aerial structure and continues southeasterly in an aerial easement along the Southern Pacific Railroad right-of-way crossing the Los Angeles River and turning south along the east side of the river.

South of the Long Beach Freeway interchange the Long Beach route turns eastward and transitions to subway under Ocean Boulevard where the line terminates at the Long Beach station near Pine Avenue and Ocean Boulevard.

Long Beach Stations

Long Beach Corridor Stations would be at: Olympic Boulevard and Broadway, Washington Boulevard and Broadway, Ad-

ams Boulevard and Central Avenues, Gage and Avenue, Vernon and Central Avenues, Gage and Central Avenues, Firestone Boulevard and Central Avenue, 103rd Street and Industrial Freeway (Watts), Imperial Highway and Industrial Freeway (Lynwood), Compton Boulevard and Industrial Freeway (Compton), Del Amo Boulevard and Santa Fe Avenue, Wardlow Road (future), De Forrest Avenue, Pacific Coast Highway and (future), De Forrest Avenue and Pine Avenue and Ocean Boulevard (Long Beach).

Adopted routing for the Rapid Transit line to Southwest and South Bay points, as well as Los Angeles International Airport, follows:

International Airport-Southwest Corridor

The Airport-Southwest Corridor begins at Union Station, proceeding southerly crossing the Hollywood Freeway on aerial structure, portaling into subway and continuing northwesterly under First Street to north of Hill Street. It then turns southwesterly under the Bunker Hill Urban Renewal Project to Flower Street. It continues in subway under Flower Street transitioning to an aerial structure west of 30th Street.

It continues southerly in private right-of-way to Exposition Boulevard where it turns westerly jointly utilizing the street median with the Southern Pacific Railroad. The line enters private right-of-way on the north side of Rodeo Road, turning southerly on the west side of Roxton Avenue in private right-of-way, continuing into the median of Leimert Boulevard. The line then turns southerly in the median of Crenshaw Boulevard to 66th Street where it turns westerly along the right-of-way of the Atchinson, Topeka and Santa Fe Railroad, which it follows in a southwesterly and southerly direction to its terminal at Aviation and Rosecrans Boulevards.

Airport Line Stations

Stations for the express and local service for the Airport-Southwest Corridor:

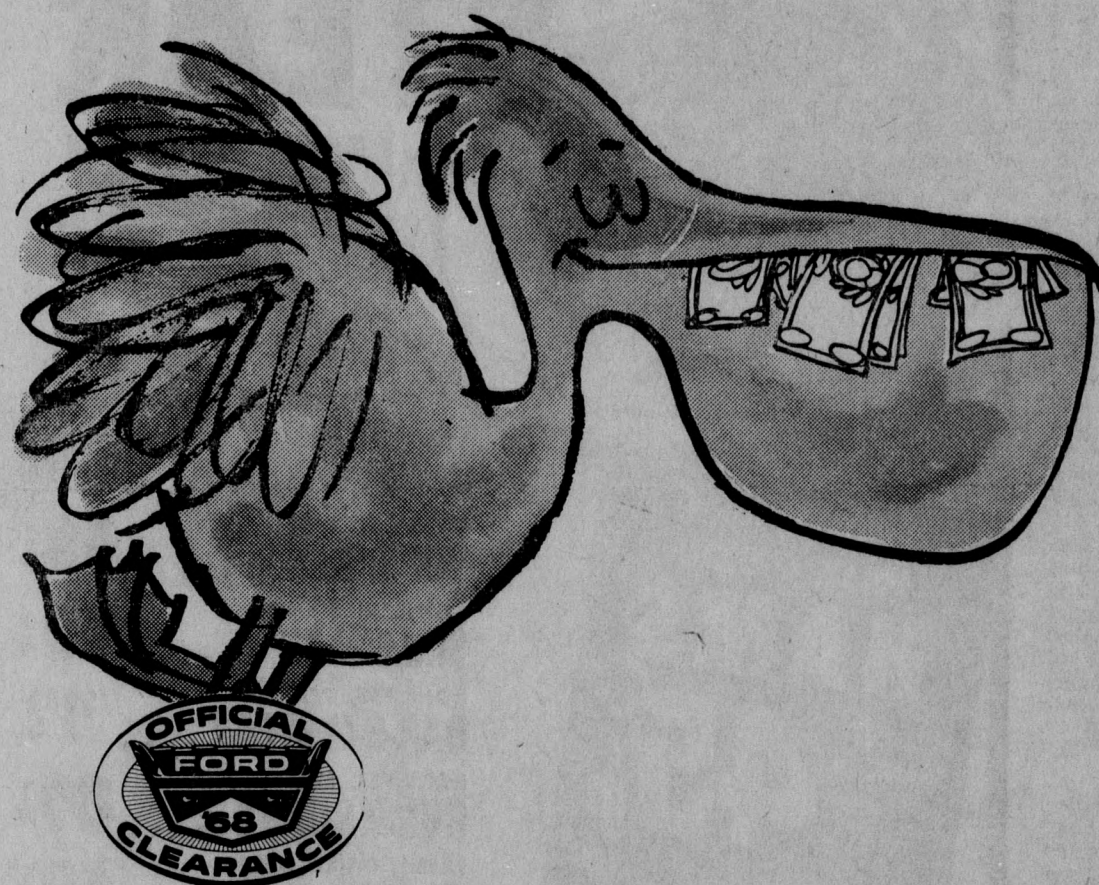

Express: Union Station (metropolitan), Seventh and Flower Streets and International Airport.

Local: Union Station (metropolitan), First Street and Broadway (Civic Center Transfer Station), Third Street and Grand Avenue (Bunker Hill), Seventh and Flower Streets (Transfer Station), Pico Boulevard and Flower Street (Convention Center), Exposition Boulevard and Vermont Avenue (Exposition Park), Exposition Boulevard and Western Avenue, Crenshaw Boulevard and 54th Street (View Park, La Brea and Florence Avenues, Inglewood), Manchester Boulevard and Florence Avenue, (Englewood), Century and Aviation Boulevards, El Segundo and Aviation Boulevards (El Segundo), and Rosecrans - Aviation Boulevards (Hawthorne).

Curry To Dimes

supported by March of Dimes grants have developed ways of detecting several defects of body chemistry that can cause mental retardation, and are studying the hereditary and environmental factors which affect a baby's development before birth.

"In addition," said the chairman, "the March of Dimes is conducting a national educational program to inform every expectant mother of the importance of prenatal care in minimizing risks to the newborn child."

The chairman's first duty will be to supervise the recruiting of volunteers, both adults and teenagers, to serve in the 31st annual traditional appeal set for next January. Those desiring to volunteer their services are urged to phone 663-3985.

Pop Warner

of Champions, starting at 9 a.m. The Pee Wee Mustangs start the first game, then the Pee Wee Bulldogs at 11 a.m.; next the Midget Bulldogs, and lastly the Junior Bantams at 3 p.m. to conclude the day.

Sierra Madre boys playing on these teams include Dirk Richter, Tom Nickoloff, Scott McKay, Bart Bradley, the Biele brothers and Aric Skarin.

Open Letter: Help

of events of some homes in our area.

Our police are "handcuffed" in many respects and we call upon the learned people of the Foothill Areas Association to join with the learned people of the City Council and come to a point of protection for the people of Sierra Madre. This is something that cannot be put off until tomorrow. It has been with us for the past couple of years and is now to the point where it must be stopped and stopped now.

To you people of Sierra Madre, call upon your Councilmen for immediate action. You are in more danger than you know. Talk to your police officers, they will tell you the picture and where you are standing in that picture. Talk among yourselves and remember the \$14,500 worth of dangerous drugs captured at 610 Woodland is nothing compared to what is there, and we have been told that if you could take a magnet and hold it over our city, and if it were capable of drawing up all the dangerous drugs, that it is estimated that over \$500,000 in retail price could be extracted.

We now have a full Police Department with know-how, we have the Los Angeles County Health Code, and we have the nuisance Ordinance. What are we waiting for? . . . It must be the decision of our City Fathers with the help of the citizens and the Foothill Areas Association . . . Do we make ourselves clear?

Meeting

Doctor R. Lancey Stirrett, chairman of the West San Gabriel Valley Branch of the County Heart Association, announced that the Branch will hold its regular monthly cabinet meeting Tuesday, Sept. 10, 12 noon, at the Branch office, 245 S. Los Robles, Pasadena.

Holy Communion At Faith Lutheran Sunday, Sept. 8

Holy Communion will be celebrated in the 10 Sunday Morning Worship hour of Faith Lutheran Church, 845 Hastings Ranch Drive, Pasadena. Returning to the pulpit after a brief vacation, the Rev. Armin Hesse will address the congregation on the topic, "A Psalm of Self-Estimates," based upon Psalm 131.

During the service, a "Make Things Happen" offering will be taken. Co-operating with thousands of Lutheran churches throughout the United States, Faith Lutheran Church will add its offering to the support of missionary work in foreign lands.

The 9 Sunday School Hour will feature "Jesus Shows His Glory," the story of Christ's Transfiguration, while the Adult Bible Class continues to study "Christ's Sermon on the Mount" as conducted by Mr. Elroy Imn.

Rain Lack

dugo basin 6 feet, and Pa-

coima basin 5 feet.

Levels in the Santa Clara River Valley will be about the same as last year, Dorn said.

Projections indicate that levels in the Lancaster basin will be approximately 5 feet lower this fall than last. Near the San Gabriel Mountains in the Little Rock Creek area, levels which have been recovering since 1965 are expected to be up several feet this fall.

Over 40 per cent of the County's daily water needs are supplied by the underground basins, Dorn added.

Anoakia Elementary

erty. Entrance to the school is off of Baldwin Ave. at 758 W. Anoakia Lane, which is parallel to and one block north of Foothill Blvd.

The premise for the now existing Anoakia Elementary School was established in September, 1953, as the Anoakia Lower School, a nursery school for boys and girls. This program was so well received that in September, 1955, the trustees agreed to extend the scope of the school to include kindergarten and the primary grades. In September, 1966, the 5th grade was added and in 1967 the 6th, thus completing the elementary school and providing a carefully coordinated preparatory program that now starts with pre-school and continues through 6th grade. Enrollment is limited so that individual supervision is possible, and maximum learning for each child at every level of development will result. Each teacher realizes that her success is measured in the growth and development of each pupil.

On September 16, Mrs. Marion Nixon and her highly qualified staff will be waiting to greet students, both old and new, to another year of concentrated study filled with large, equal quantities of fun and homework.

Sermon Title

The Rev. Richard J. Anderson of Sierra Madre Congregational Church, 170 W. Sierra Madre Boulevard, will have for his sermon Sunday at 11 a.m. "Heroes of Liberation."

Church School adult Bible class is at 9:30 a.m.

Three Local

ing the car rapidly and repeatedly. Kent finally fell to the street and the suspect drove off at a high rate of speed.

A description of the suspect and his vehicle was broadcast over the police radio and two Arcadia units were soon in a high speed pursuit of the suspect along Huntington Drive.

An ironic note to the story (for the suspect, that is), was that the heavy traffic, hearing sirens, stopped the street and any route of escape possible for a car. The suspect jumped from his car, which happened to be approximately in front of the Arcadia police station, and continued his flight on foot. Extra police ran out of the building and in due time apprehended the fleeing man.

It developed that the gentleman in question is an "ex-con" with an extensive record running the gamut of possible offenses, including felony convictions for narcotics and burglary. (At the time of his apprehension he was in possession of a "burglary kit" and a concealed weapon.)

On Thursday, August 29, the suspect, whose last address was in the city of Burbank, was arraigned and he is presently awaiting a preliminary hearing. His apprehension resulted in the clearing up of three local burglaries.

Officer Kent, although shaken, was not seriously injured.

SPORTS AS Hank Ives SEES IT

KNOCKING AROUND THE
SPORTS RIALTO . . .

HARVEY HYDE AND MYRON TARKANIAN have a wealth of players for the 1968 grid team at Pasadena City College, a wealth in numbers, that is. The question is—how much real talent is among the 121 bodies that will be working out daily at PCC?

THE LANCERS face a rugged season in their initial year in the Metropolitan Conference. They will be playing with the really "big boys" this year. You know, Bakersfield, Santa Monica, Cerritos and the likes. Cerritos has 23 lettermen back plus Bain Brick, AAAPlayer-of-the-year from Mayfair High.

MORE THAN LIKELY it will be a case of as go the Lancer quarterbacks, so go the Lancer grid fortunes. The Hyde-Tarkanian tandem again has a wealth of numbers but will need one to come to the front as a standout. Rich Haley is the only vet in a group of eight trying out for the starting slot. Three players from the recent San Gabriel Valley Prep Game, Dennis Wham of Muir, Jim Herling of Eagle Rock and San Marino's Steve Sommers, are freshman standouts. Blair's Bob Shay, Dave Oregon, El Monte, and a pair of former Pasadena High aces, Mike

Hawkins, 1967, and Rick White, 1966, are among the candidates.

MANY AREA ACES will be shooting for berths among the major colleges this season. Just to name a few—Bob Brown, a fullback at USC (Temple City); Skip Robinson, defensive back at USC (PHS and PCC); Jim Nader (St. Francis and PCC), backup quarterback at UCLA who will be throwing to (Muir's) Hal Busby; Dan Spreiterback and Tom Verti as well as Tom James (all St. Francis), important in the Washington plans; Dave Holman and Chris Geyer (Citrus), gunning for starting berths at Utah State.

BIGGEST DISAPPOINTMENT of the season in the Dodger collapse has to be shortstop Zoilo Versalles, who can't hit worth a darn and fields worse. Dodger G.M. Fresno Thompson is really down on the ex-Twin who came in the package with Mudcat Grant for John Roseboro, Bob Miller and, more important, Ron Permonski.

QUOTABLE QUOTE: "Versalles is a fancy Dan with glove and likes to make the easy play look tough. He has an erratic arm, more than we realized. His hitting has been anemic with too many strikeouts, but his biggest trouble is a poor mental attitude. He likes to be handled like a pet. You can be a pet just so long but it wears thin when the pet doesn't do a bit of producing."—FRESNO THOMPSON.

ON THE POSSIBLE OLYMPIC BOYCOTT . . . Insiders are guessing that the pro-boycotters will participate in the Olympic Games and then refuse to take the victory stand. Such a plan stinks. It carried out, those athletes should be barred from ANY track events held in the United States.

BILL SHARMAN'S LOS ANGELES STARS announced their 39-game home schedule would get underway October 30 in the Sports Arena against last year's Western Division champs, New Orleans. First local appearance of Rick Barry and the Oakland Oaks will be Wednesday night, November 20.

The ABA still figures that Oakland will have to pay some sort of an indemnity to the San Francisco Warriors for Barry's services, but it will be only a token payment to soothe Franklin Mieuli's jangled warrior nerves. Sharmen thinks Barry in one of the superstars of the game rating right along with Baylor, Chamberlain, Russell, West and Robertson. He also puts Nate Thurmond in that group along with ABA ace Connie Hawkins. Every ABA club feels they are at least 30 percent better than the 1968-69 clubs. The Stars may be more like 70 percent better than the group that represented Anaheim last season.

ODDS AND ENDS . . . Don't Bob Bailey and Wes Parker figure to go in the expansion draft? . . . Will Butch van Breda Kolff have his hands full with Wilt Chamberlain, a rabid Richard Nixon booster, and Elgin Baylor, a solid HHH supporter? . . . Will backers give up on soccer in the U.S.? . . . Aren't preseason All-American teams a joke? . . . It's tough enough to be selective after the stars have played a season . . . John Strycula's Citrus Owls are working on an eight-game winning streak, longest in school grid annals. They open against Antelope Valley this year and should make it nine.

Absentee Ballot

If the Form No. 76 is not available, a letter with the following information is sufficient for absentee ballot issue:

1. Name of election.
2. Los Angeles County residence (address) of applicant.
3. Reason for request.
4. Mailing address to which ballot is to be forwarded.
5. Signature of applicant. Servicemen and their dependents may register to vote by requesting an affidavit from the Registrar-Recorder. Any officer may administer the oath, acting as a Deputy Registrar and sign the affidavit.

If necessary, Dorn said, the affidavit for registration may be requested at the same time as the request for an absentee ballot.

Lesson-Sermon For Sept. 15

"On Taking Things Up Again" is the subject of the lesson - sermon of Margaret M. Stevens, minister of The Santa Anita Church, 226 W. Colorado Blvd., Arcadia, on September 8 at 11 a.m. The public is cordially invited to worship with the congregation. Infant and child care is provided during the service.

After a 15 minute worship service in the sanctuary, graded classes are conducted for children from pre-school through tenth grade. High school youths and young adults hold their meetings on the first and third Sunday evenings at 7 o'clock. The next meeting will be on September 15.

All women are invited to attend the study class on successful living at 11 a.m. Thursdays, led by Rev. Stevens. There is a time of service and fellowship after the class. "Bring a sandwich and plan to stay in the afternoon," says Rev. Stevens.

Applications are still available for the 1968-69 school year at The Ethel Barnhart School of The Santa Anita Church from kindergarten through eighth grade. Inquiries concerning the summer session may be made by calling 446-8206.

Rev. Stevens says: "Dial-for-prayer, 447-6162, a and Youth Tele-Truth, 446-2333."

Lesson-Sermon For Sept. 8th

"So God created man in his own image, in the image of God created he him; male and female created he them."

This verse from Genesis is included in the Lesson-Sermon to be read this Sunday in Christian Science churches around the world. The subject is "Man."

Related passages from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, includes the following: "Man understands spiritual existence in proportion as his treasures of Truth and Love are enlarged. Mortals must grapple with Godward, their affections and aims grow spiritual,—they must near the broader interpretations of being, and gain some proper sense of the infinite,—in order that sin and mortality may be put off."

"This scientific sense of being, forsaking matter for Spirit, by no means suggests man's absorption into Deity and the loss of his identity, but confers upon man enlarged individuality, a wider sphere of thought and action, a more expansive love, a higher and more permanent peace."

SIERRA MADRE NEWS
ORDINANCE NO. 826

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE AMENDING SECTION 2500 AND 2500-A OF THE SIERRA MADRE CITY CODE RELATING TO SALARIES.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES ORDAIN AS FOLLOWS:

SECTION 1. That Sections 2500 and 2500-A of the Sierra Madre City Code are hereby amended to read as follows:

Sec. 2500. City Clerk, salary.

The salary of the City Clerk is hereby established at the rate of \$175.00 per month, effective on and after October 1, 1968.

Sec. 2500-A. City Treasurer, salary.

The salary of the City Treasurer is hereby established at the rate of \$125.00 per month, effective on and after October 1, 1968.

SECTION 2. That said salaries as established by this Ordinance are made effective during the term of office of the elected officials as set forth above pursuant to Section 33070 et seq. of the Government Code of the State of California.

SECTION 3. That the City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published in the manner prescribed by law.

PASSED, APPROVED AND ADOPTED this 27th day of August, 1968.

ORDINANCE NO. 824

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE AMENDING SECTION 5119 OF THE SIERRA MADRE CITY CODE, RELATING TO SPARK ARRESTERS.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES ORDAIN AS FOLLOWS:

SECTION 1. That Subparagraph (a) of Section 5119 of the Sierra Madre City Code, is hereby amended to read as follows:

(a) No person shall use or operate, in, upon, or within two hundred feet of any Protected Fire Area, any tractor, construction equipment, engine machinery, or any steam, oil or gasoline powered stationary or mobile equipment from which a spark or fire may originate unless such equipment is provided with a qualified device or spark arrester installed in or attached to the exhaust pipe which will prevent the escape of fire or sparks.

Compliance by said device or spark arrester with the USDA Forest Service Standards for Spark Arresters on Internal Combustion Engines, No. 5100-1 dated December, 1968, shall be prima facie evidence of qualification for the purpose of this Section any registered motor vehicle operated on a road or highway and which is equipped with a muffler in good condition, as required by the Vehicle Code shall be deemed to be in compliance with this Section.

SECTION 2. That the City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published in the manner prescribed by law.

PASSED, APPROVED AND ADOPTED this 27th day of August, 1968.

SIERRA MADRE NEWS
ORDINANCE NO. 824

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE AMENDING SECTION 5119 OF THE SIERRA MADRE CITY CODE, RELATING TO SPARK ARRESTERS.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES ORDAIN AS FOLLOWS:

SECTION 1. That Subparagraph (a) of Section 5119 of the Sierra Madre City Code, is hereby amended to read as follows:

(a) No person shall use or operate, in, upon, or within two hundred feet of any Protected Fire Area, any tractor, construction equipment, engine machinery, or any steam, oil or gasoline powered stationary or mobile equipment from which a spark or fire may originate unless such equipment is provided with a qualified device or spark arrester installed in or attached to the exhaust pipe which will prevent the escape of fire or sparks.

Compliance by said device or spark arrester with the USDA Forest Service Standards for Spark Arresters on Internal Combustion Engines, No. 5100-1 dated December, 1968, shall be prima facie evidence of qualification for the purpose of this Section any registered motor vehicle operated on a road or highway and which is equipped with a muffler in good condition, as required by the Vehicle Code shall be deemed to be in compliance with this Section.

SECTION 2. That the City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published in the manner prescribed by law.

PASSED, APPROVED AND ADOPTED this 27th day of August, 1968.
